

***Review: Together To Transform 2019  
"DEEP: Embracing and  
Unleashing The Power of God's  
Word"***

Despite a bomb cyclone, lots of brave souls still trudged through the snow and wind and had a great time at TTT 2019. Dr. Mark Strauss challenged us in the main sessions. Eight amazing breakout presenters offered training we can apply immediately. A full room of pastor's wives gathered Friday to be encouraged by Colletta Smith and Julie Thomas. It is the first on many meetings for ministry spouses. Even though over twenty had to cancel, over thirty Hispanic church leaders attended the Spanish track with Dr. Juan Hernandez. Both teacher and learners were very encouraged. Equipping Director Keith Kraakevik and Women's Director Stephanie Price were also honored for their ministry with CRM churches.

**Approved CRM By Law changes included:**

- Changing our legal movement name to "Converge Rocky Mountain"
- The Chair of the Overseer Board will moderate the Annual Business meeting
- Changes to presentation of new business and board nominations were clarified.
- Paul Mitton's title was changed to Regional President/District Executive Minister
